Won't Hurt,
Says Fulbright
 WASHINGTON (AP) — Sen. J. William Fulbright, D-Ark., says he doesn't think his views on Vietnam will hurt him if he decides to run for re-election in 1968.
 "I have great confidence in

the people of Arkansas," Fulbright said. "They've always shown the best judgment when the issues are properly explained and I'll do the best I can to explain them further, although I think it's very clear they already understand them."
 "My mail reflects they are sympathetic with my views on Vietnam," Fulbright said.
 Fulbright has been severely critical of President Johnson's actions in Vietnam.

AUTOMATIC CREDIT CARD

In most hospitals, a Blue Cross-Blue Shield membership card establishes your credit immediately; cuts red tape, avoids embarrassing credit investigations. Just show your membership card when you register as a patient.

REALISTIC BENEFITS

Blue Cross hospital benefits are based on the care you need, and not on fixed dollar allowances. This way, the more care you need, the more help you get paying the bills. Your benefits keep pace with your needs.

NO RED TAPE—NO CLAIMS TO FILE—NO WAITING FOR REFUNDS

Blue Cross makes payments directly to member hospitals (there are more than 7,000 of these). Blue Shield makes payments directly to participating doctors (over 200,000 of them). Except for supplemental Major Medical Contracts, you never have to file "claims" for your benefits; never have to make payment out of your pocket and then wait for refunds. Your benefits are paid automatically—for your convenience.

JIMMY COWART
 MAGNOLIA — Jimmy Cowart, son of Mr. and Mrs. Curtis Cowart of Rt. 1, Hope, has received a \$200 academic scholarship to Southern State College, where he is a freshman this fall.
 Cowart is a 1967 graduate of Spring Hill High School, where he was valedictorian of his graduating class, student council representative, yearbook co-editor, and most likely to succeed.

Milwaukee Marches Continue
 By WILLIAM SCHULZ
 MILWAUKEE, Wis. (AP) — Singing, "We're gonna be your neighbors," more than 1,000 Negro and white open housing marchers streamed past thousands of watching whites on Milwaukee's South Side Sunday without serious incident.
 One of the march leaders, Milwaukee's only Negro alderman, Mrs. Dale Phillips, said she would introduce an open housing ordinance at Tuesday's City Council meeting for the fifth time.
 She said she expected the council to suspend its rules and "ram through" a proposed ban on mass marches at the same meeting.
 Mrs. Phillips has been the only alderman to vote for her open housing bill that has been rejected four times.
 Milwaukee's city attorney John J. Fleming, has ruled a state open housing law makes it impossible for a city to pass its own ordinances on housing.
 Sunday's march wound up the third week of daily demonstrations.

Wants Some Meeting to Be Private
 LITTLE ROCK (AP) — Rep. John E. Miller of Melbourne has asked the Arkansas Legislative Council to recommend changing the state's new Freedom of Information Act to permit private meetings between governmental units and their attorneys.
 Miller says the 1967 General Assembly didn't intend to prohibit such meetings, but a recent Circuit Court ruling held that all meetings, including those with attorneys, had to be open to the press.
 Miller's proposal will be on the agenda when the council convenes here Saturday.
 Also to be considered at the council meetings is a proposal from Sen. Clarence Bell of Parkin, who has requested a study of the feasibility of permitting the University of Arkansas' Agricultural Extension Service to develop model operations at the state's two prison farms.
 Representatives of the state Education Department and of various education groups will appear before the council to talk about changes in the 1967 law governing distribution of state funds to school districts.

New Junior Miss Picked
 HOT SPRINGS, Ark. (AP) — Donna Johnston, 17, of Benton, was selected Saturday night to succeed Rita Ashley of Waldron as Junior Miss of the nine-county Western Arkansas District.

WANTED! Men & Women
 from ages 18 and over. Prepare now for U.S. Civil Service job openings during the next 12 months.
 Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.
 But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.
 Lincoln Service has helped thousands prepare for these tests every year since 1948. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.
 For FREE booklet on Government jobs, including lists of positions and salaries, fill out coupon and mail at once — TODAY.
 You will also get full details on how you can prepare yourself for these tests.

8 Killed in Railway Accident
 MT. WASHINGTON, N.H. (AP) — Eight persons were killed and more than 70 injured Sunday when a train fell off the cog railway on Mt. Washington and landed in a gorge.
 One passenger said the mountain excursion train had broken free and rolled down about 500 feet before it reeled off the cog railway and crashed.
 Gov. John W. King, who rushed to the scene, ordered "a full scale investigation" by the state Public Utilities Commission.

New Budget Creation About Ready
 WASHINGTON (AP) — A new-style federal budget created by a 16-man presidential commission, was reported today to be nearly ready for the White House.
 The new format probably will be used for President Johnson's January budget message. It may quiet GOP charges of a fiscal credibility gap and eliminate last January's confusion about the exact amount of the deficit.
 Republicans charged Johnson with fiscal flinching in his fiscal 1968 message, which stressed the "National Income Accounts," or NIA, budget with a mere \$2.1 billion deficit.
 Now that the President wants taxes increased, the same critics have complained, he talks in terms of the old familiar administrative budget which shows a potential red-ink gap of up to \$29 billion.

Mishandling War, WR Says
 MOORHEAD, Minn. (AP) — The United States belongs in Vietnam, but the administration is mishandling the war by attempting to run it from the Pentagon and the White House, Gov. Winthrop Rockefeller of Arkansas said Saturday.
 Rockefeller, the keynote speaker at the Minnesota Republican Convention here, said in a news conference that military commanders were given no freedom to pursue advantages gained through military operations. Tactical details now must be cleared through Washington, he said.
 "The war in Vietnam has got to be fought in Vietnam, and the command has to be there,"

When you miss hearing his voice, his "Hi, Mom" brings him home again when you call Long Distance. Go ahead. Call now.

White House Aides Screened Carefully

WASHINGTON (AP) — In starched white uniform, a military aide bends smilingly to a White House guest and introduces him by name to the President.

The young bachelor officer could be Lynda Bird Johnson's fiancé—Marine Capt. Charles S. Robb of Milwaukee, Wis.—or any of the other 28 social aides at the President's house.

The aides—usually tall, nice-looking, well-educated and socially hep—volunteer or are recommended to serve outside their regular duty hours at presidential parties and social events.

All are carefully screened and interviewed to make sure they'll fit into the presidential surroundings and fit their role as "an extension of the host," as one aide described it.

They have provided a colorful adjunct to dances, dinners, teas, receptions and gatherings of presidents since the days of George Washington.

Each White House social aide must be a bachelor. "As long as you stay in the Washington area—and stay single—you're in," said one aide.

Mayor John B. Gardner signs a Proclamation declaring Sept. 17-23 as Constitution week. At left is Mrs. Howard Waddle, historian and chairman of constitution week and at right, Mrs. Paul Kilpsch, Regent, John Cain DAR Chapter.

PROCLAMATION

WHEREAS, September 17, 1967, marks the one hundred eightieth anniversary of the adoption of the Constitution of the United States of America by the Constitutional Convention; and

WHEREAS, To accord official recognition to this memorable anniversary, and to the patriotic exercise that will form a noteworthy feature of the occasion, seems fitting and proper; and WHEREAS, Public Law No. 915 guarantees the issuing of a proclamation each year by the President of the United States

MATCH-MAKING CAN BE TROUBLE

NOTE TO OVER 100 HOPEFUL GALS WHO WANT "OLD BATCH'S ADDRESS: Sorry, HHU is not a lonely Hearts Club. Long distance matchmaking is too risky — as I discovered eight years ago when I checked out a "tear-jerker."

"Mr. S—," wrote his "sister" (in a strangely mannish hand) had lost his wife to cancer. Lonely, depressed, miserably bereft (and all that jazz) he needed "the love of an understanding widow" to bring him out of it, and by the way — he was handsome and well-heeled....

I contacted a local lawyer and found that Mr. S— had indeed lost his wife, BUT he married his girl friend the day of the funeral. Six months later this handsome heel landed in jail on a bad check charge. Then his new wife divorced him, stating he had already gone through most of her savings. He had no sister, no job prospects, no money, and from that moment, no soft-hearted columnist's help!

His letter went into my "Who Do They Think They're Kidding" file and I forgot Mr. S— until last fall when another plea came my way:

Dear Helen (it read): I've had so much sadness in my life...My wonderful wife passed on...I'm lonely, depressed...But I have a great future in a fine business. Could you publish this so I can find a widow who would share the profits with me?

P.S. If you're wondering about the address, I'm temporarily incarcerated but it's all a mistake and I'll be out shortly. —Mr.—

...And THAT'S why I don't matchmake!—H.

Dear Helen: You often mention Singles Clubs for lonely people who want to dance and mingle. How do you find them and what if there aren't any in your town? — STAY AT HOME

Dear SAH: I've told you and told you: Check the club listings at your library or inquire at the Chamber of Commerce.

If your town doesn't have a Singles Club — start one! All it takes is a newspaper announcement, some word-of-mouth advertising, and organizational meeting — and you're off and dancing. —H.

Dear Helen: Those fine satirical thoughts "Kenneth" put forth in your column last month — all about how modern youth pretends to be "hip" but is as "conformist as army worms," and as slippery. Too bad Kenneth is also a plagiarist, but it figures, doesn't

WR to Tour Counties in the Southeast

LITTLE ROCK (AP) — Gov. Winthrop Rockefeller will visit the Southeast Arkansas counties of Bradley, Ashley, Chicot, DeSha and Drew Wednesday on the 13th of his 14 regional tours of the state.

The governor will be in Monticello Thursday for his regular luncheon for legislators and county judges and his private meetings with residents.

The Governmental Efficiency Study Commission begins its 22-week study Monday, and Rockefeller is slated to meet during the day with the executives on loan to the commission from industry and business.

Monday afternoon he will be in Hot Springs for the Arkansas Telephone Association convention.

Rockefeller is to speak Thursday night at a joint meeting of Lonoke civic clubs.

Friday's schedule includes speeches before the Arkansas Basin Association at Little Rock and a meeting with the Arkansas Human Resources Council.

He also is expected to tape one of his televised reports to the people Friday, either here or in Memphis.

Were the President to submit his resignation, he would notify the secretary of state.

Cards Can Wrap It Up Tonight

Associated Press Sport: Ship the champagne to Philadelphia. It looks like that's where the St. Louis Cardinals will pop their corks.

The Cardinals, who've made a shambles of the traditional down-to-the-wire National League race this season, assured themselves of a tie for the pennant Sunday by nipping Cincinnati 3-2 while second place San Francisco was losing to Pittsburgh 5-4.

Now, St. Louis can wrap it all up tonight by defeating the Philadelphia Phillies. The Giants are idle today so it will take a Cardinal victory to end it.

If they fail tonight, there's always Tuesday or Wednesday. Only an enormous collapse can prevent the Cardinals from winning it all. To tie, the Giants would have to win all their remaining 13 games while St. Louis would have to lose its last 12 straight. Don't bet on it.

In other National League games Sunday, Houston rallied for a 4-3 victory over New York. Philadelphia trimmed Los Angeles 6-1 and Chicago topped Atlanta 5-3.

In the American League, Chicago moved into second place, one-half game back of Detroit, by blanking Minnesota 4-0 while the Tigers were losing to Washington 5-0. The Twins, one game back, fell into a third place tie with Boston, which lost to Baltimore 5-2. In other games, Cleveland topped New York 4-2 and California nipped Kansas City 3-2.

"Champagne tomorrow," shouted Bob Gibson in the happy Cardinal dressing room after the Cards had brushed past the Reds.

Julian Javier drove in two runs with a single, capping a three-run fourth inning. That was enough for Nelson Briles, 13-5, and Jack Lamabe. Lamabe protected Briles' eighth straight victory with four innings of airtight relief. Briles was forced to leave the game after being struck on the pitching shoulder by Deron Johnson's line drive.

The Giants were done in by Roberto Clemente's 23rd home run of the year which broke a 4-4 tie in the ninth inning.

The Giants, who fritted away an early 3-0 lead provided by Jim Hart's first inning homer, rallied to tie the score in the top of the ninth on Willie Brown's run-scoring single. But then Clemente ended it.

The Astros rallied for two runs in the bottom of the ninth to beat the Mets. Hal King's pinch single capped the rally after Bob Aspromonte had opened with a double and scored the tying run when reliever Ron Taylor threw away Bob Lillis' attempted sacrifice.

Triples by Ernie Banks and Glenn Beckert keyed a four-run sixth inning that carried the Cubs past the Braves. Banks' blow drove in two runs. Billy Williams had a home run for the Cubs and Charlie Lau a two-run pinch shot for Atlanta.

Larry Jackson won his fourth game of the year from Los Angeles with home runs by Don Lock and Johnny Callison leading Philadelphia to its victory. Loser Claude Osteen set up a three-run Philistine first with a throwing error and Jackson was home free after that.

4 AIC Grid Teams Open With Wins

By THE ASSOCIATED PRESS: Four of the six Arkansas intercollegiate conference teams opened their football seasons Saturday with victories and at least one figure to fall from the unbeaten ranks this week.

Arkansas A&M, Ouachita Baptist University, Arkansas Tech and Southern State all came up with victories over out-of-state opponents but A&M and Tech tangled Saturday night at Russellville.

Two other conference games are scheduled for Saturday night — Southern States plays Harding at Searcy and State College of Arkansas travelers to Arkadelphia to play OBU.

State College of Arkansas did not play last week while Harding and Henderson lost their opening games.

Victory over Northwest Missouri at Maryville, Mo. The Boll Weevils' defensive unit did not allow the home team across midfield until the third quarter.

Tommy Neeley played for a first quarter touchdown and Phil Clem passed three yards to Larry Standley for the other.

Quachita end Doug Freese, who caught seven touchdown passes in the last three games of the 1966 season, caught two more in the Tigers' 19-13 victory over Southeast Oklahoma.

He caught a 26-yarder from quarterback Bobby Crouch in the second period.

Freese, a sophomore, took a pass for 29 yards and the winning touchdown with 3:30 left. The completion came on fourth and eight.

Tech's Danny Woodard scored two touchdowns on runs of one and 80 yards as the Wonder Boys put down Northeast Oklahoma 27-7. Danny Woodard added field goals of 26 and 20 yards.

Leon Anderson tossed 46 yards to Bill Nelson for the other touchdown.

Stanky Sees Playoff in American

By DICK COUCH

Associated Press Sports Writer: Football undoubtedly will grab its share of September headlines despite Eddie Stanky.

But Stanky should be having too much fun in the middle of the American League pennant pile-up to take notice. And he intends to get his kicks all the way to the Playoff Bowl.

"It's got to wind up in a play-off some along the way," the Chicago skipper said Sunday after his streaking White Sox blanked Minnesota 4-0 behind southpaw Gary Peters and charged within one-half game of the league-leading Detroit Tigers.

"Two weeks to go and four teams in contention," Stanky added. "There's no way to avoid a play-off. We just hope that we're in it."

Stanky has promised that "this race will keep football off Page One all month." Sunday, the pennant derby collided head-on with a full schedule of pro football action for the first time.

And provided enough fireworks to hold its own.

While Peters' four-hitter completed a three-game sweep over the Twins and ran the White Sox' winning string to five games, Detroit and Boston both fumbled away opportunities to gain ground.

Sixth-place Washington tripped up the Tigers 5-0 behind Frank Bertina's clutch pitching and eighth-place Baltimore slugged the Red Sox 5-2 with a barrage of three home runs.

Boston thus fell into a third-place deadlock with Minnesota, one game behind Detroit and one-half length back of the White Sox.

California edged Kansas City 3-2 and Cleveland trimmed the New York Yankees 4-2 in other AL games.

In the National League, St. Louis nailed at least a share of the pennant with a 3-2 victory over Cincinnati, Pittsburgh nipped San Francisco 5-4, the Chicago Cubs topped Atlanta 5-3, Philadelphia beat Los Angeles 6-1 and Houston shaded the New York Mets 4-3.

The White Sox, who were 2 1/2 games out of first place Friday morning, jumped from fourth to second place as Peters shackled the Twins for his 16th victory in 25 decisions and Ken Berry drove in two runs with a homer and single.

Tom McCraw's triple and a sacrifice fly by Ron Hansen knocked in the other Chicago runs.

Bertina scattered seven hits, struck out eight and stranded 13 games out of first place Friday morning, jumped from fourth to second place as Peters shackled the Twins for his 16th victory in 25 decisions and Ken Berry drove in two runs with a homer and single.

Broadcasting Arkansas Centennial Station **H-O-P-E**

HOPE is located in the southwest corner of the State, and is essentially the center of a cotton and diversified farming community. It is the eleventh city in size in Arkansas, but for general business activity and progressiveness ranks higher on account of rich territory.

Hope enjoys a generous amount of trade and travel, due to its being the logical trading center and by far the chief shipping point. Five all-weather highways lead to Hope.

These factors have given the firms in Hope many advantages to offer you; larger firms, newer merchandise, lower prices and more efficient service.

Hope Women in Period Dress Capture State Choral Meeting

Friday Choral Club Earns Spectacular Victory in Competition of State Music Groups at Little Rock

The Friday Choral club of Hope won a silver cup last month at Little Rock for the best chorus in the state. The event was the Apple Blossom Festival musical meet—the State Centennial celebration by the music clubs of the state.

The Hope club's victory was gained on the most beautiful singing of "Listen to the Lambs," by Dett, the singers appearing in period costumes of Apple Blossom Park.

The Hope district president, Mrs. R. M. LaGrone of Hope, won a silver cup for the best activities in her district.

A third cup was won for making 100 points on the state chart.

The Hope club is now beginning its eighth year. Officers are:

Mrs. J. C. Carlton, president; Miss Joy O'Neal, vice-president; Miss Mary Louise Keith, secretary; Mrs. Dickson Watkins, treasurer; Mrs. John Wellborn, director; and Mrs. Edwin Stewart, accompanist.

Railroad Boom in Hope Is Recalled

Immigration Association Worked Zealously in the Year 1883

The "Hope Immigration Association" published in 1883 a 32-page prospectus on the "resources and advantages of Hope," with "a description of soil, climate, timber, health, etc., of Hempstead county, Arkansas."

The pamphlet announced that it was "for the information of those seeking homes in the Southwest." It was printed by the Union Printing & Publishing Co. of Little Rock and for the extracts herewith produced: The Star is indebted to Mrs. Fannie Holt, South Harvey street, Hope, who owns an original copy.

Publication of this prospectus followed by exactly 10 years the founding of Hope in an open prairie. This section was on a "boom," the coming of the first railroad having about the same effect in the old century as the striking of oil has in the new one.

As It Looked in 1883

The old pamphlet's story begins like this:

"It was on the 28th day of August, 1873, that the now prosperous city of

these and many other things seemed to point to a time in the near future when the town thus located was to be a place of no mean proportions. And so it has proven. The rush of energetic citizens to Hope then began, has never stopped; and there are good reasons for believing that its era of prosperity has not begun."

"Beginning in the open prairie, without a single building, the city of Hope has continued to increase in size until the population today exceeds 2,000 souls."

"Today there are in the city of Hope as many as 50 well finished brick storehouses, with several others to be completed by the opening of the coming cotton season. No other place south of Little Rock can say as much."

Livestock, Cheap Land

"No enterprise offers greater inducements to those wishing to invest, than does that of stock-raising, the winters being always moderate, the thermometer never going lower than 6 degrees above zero, and seldom more than two or three days at a time. The summers long and winter, short, very little feeding is necessary. The heat of the summer ranging from 90 degrees to 100 in the shade, shows a temperature that is certainly salubrious and healthful, whilst the many streams running through the country furnish an abundant supply of water for cattle, sheep, hogs, horses, etc."

"Lands may now be had cheap, say from \$2 to \$5 for wild, and from \$10 to \$30 per acre for improved farms."

"There are some 60,000 acres of railway lands yet to be had in the country, of which Col. Thomas Essex, Land Commissioner, St. Louis, Iron Mountain & Southern Railway, at Little Rock, Ark., will gladly give full information. These railway lands sell at from \$2.50 to \$6 per acre, most of which is very excellent land, and can be had on the easiest possible terms."

"Dr. R. L. Fowers of Prescott is the agent for the sale of railway lands in this part of Arkansas, and by addressing him at Prescott, Ark., you can

Freighter Wagons on 'Camden Road'

Goods Moved Overland From Gaines Landing to Camden, Thence Here

By Virginia Fitzsimmons Hicks

The Harrisfield children have counted the experiences of the grandparent's as freighters during the early history of the state.

Albert Honeycutt was Scotch-Irish by birth and came to Arkansas from Louisiana in 1857, living one year at the Elgie Ferguson farm, one mile north of Camden, which is now known as Camden School community. During that year he learned to drive a freighter wagon from Camden to Gaines Landing on the Mississippi river. He drove a four-yoke ox team and one mule and the trip took 21 days.

In 1858 he moved to the D'Ann community, built his house and established his car and first mill. Before this there was no mill in the community and people were forced to go to Washington with their corn. When Mr. Honeycutt would make the trip he would always bring the mail for his neighborhood, saving them the long ride.

One day when his daughter, the present Mrs. T. J. Harrisfield, was quite a young girl she went to the spring for water. Wells were unknown then and the spring was some distance from the house. She got the bucket of water and returned to the house, later coming back for another pail-full. When she reached the spring she noticed that in the short interval that had elapsed between her trip some large animal had come there and gotten a drink. From the tracks she supposed it to be a large dog, however, as there were no neighbors within about two or three miles, she wondered whose dog would come there. She told her father about it, and he went to the spring to see the tracks. As soon as he looked at them he knew they were the tracks of a panther and shortly afterward he heard the loud scream just a short distance away.

Three Roads to Camden

At this time there were three roads one could travel to Camden from the north of the county. One came through by Plover De Ann, near the present town of Prescott; the middle one went through what is now known as Plover Springs and Rocky Mount; and the lower one went by Old Moscow and Prairie DeRoane.

On these long hauls Mr. Honeycutt would take his 10-year-old son, Joe, with him, and by the time the boy was one year older he made the trip from Washington to Camden by himself.

On this trip to Camden one of the favorite camping places was O'Brien's. There Joe would have a yoke the oxen, take the old mule bell him—and make camp. The ox would never stay from the old mule and the next morning they were ways near camp, to be yoked up to resume the trip.

A HISTORY OF U.S. FAMILY INCOMES

A few minor recessions have scored some setbacks but, for the most part, more people have steadily been earning more money in the past 17 years. Since 1950, family incomes have doubled, according to latest Bureau of Census figures. Rises in consumer prices have absorbed some of this increase, but there has been a substantial increase in real purchasing power. Percentage of families in higher-income brackets has crept upward. For example, 7 per cent had incomes over \$10,000 in 1949, rising to 15 per cent in 1959 and 22 per cent in 1964. Conversely, the same ratio of gain showed in incomes below \$5,000.

Oswald: "The late Ely Culbertson used to write articles about experts at their best and worst. Let's talk about a hand that shows one of our greatest partnerships at its very worst. Look at the bidding!"

Jim: West must have been pleasantly surprised when his ace and king of hearts took the first two tricks—yet it seems to me that South went out of his way to warn North about the danger of two heart losers. South was careful to avoid Blackwood and his minor suit cue bids should have told North that second round heart control was needed if a slam is to be made."

Oswald: "I am inclined to agree entirely with you. Furthermore, I have always felt that when a man has bid the full strength of his hand once he should merely respond to forces from then on."

Jim: "Were they using limit raises?"

Oswald: "No. North's three spade bid was a force to game so he had bid the full value of his cards. I would be inclined to give West some credit for his good result. West did bid two clubs rather than two hearts."

Jim: "West didn't have much of a hand. I guess he wanted to keep the hearts in reserve in case he got doubled at two clubs."

Oswald: "He admitted that, and North explained that West's failure to bid hearts caused him to make the final slam bid. I sympathize with North but still feel that his six spade bid was inexcusable."

Jim: "I agree about North but must charge South with some blame. South should have cue bid diamonds before he cue bid clubs. This would have given North a chance to bid five diamonds over five clubs. When the bidding came to him as it did North had no choice except to bid some number of spades."

CARD Sense

Q—The bidding has been:
West North East South
1♣ 1♠ Pass 1♠
Pass 1♥ Pass 2♥
You, South, hold:
AKQAJ54♠ AQ43♣ Q32♠
What do you do now?

A—Bid four hearts. This is a very strong bid but your hand is fully worth it. In fact, if anything, you have underbid a trifle.

TODAY'S QUESTION
Your partner continues to four spades. What do you do now?

Why Investigate When Truth Is Obvious?

Some of the bright young college students who sought business jobs in the 1950's now are turning their backs on business and entering government civil service and university administration instead—a trend which disturbs some people and moves them to spend money to investigate it.

Harvard Business School put up \$10,000 and the Arthur D. Little Foundation \$35,000 to conduct a "Program in Business Internship" this past summer, inviting each of 25 top colleges to send two of its student leaders who were "hostile or apathetic" toward business.

Writing in the Washington Post, Robert M. Krim finds the seminar didn't come up with any important findings. But he does record the speech which probably triggered the investigation.

Writes Mr. Krim: "A Yale valedictorian said contemptuously at the Harvard Business School recently:

"As college students we deal in moral and ethical terms about life. I have to talk to you in different terms. You're a businessman."

There you have it—the language of the coffee break. In business the coffee break ends and you go back to work to make a living. But that's something a student has yet to learn.

The fight for survival in wild-life doesn't begin with the young. The same species which eat each other as adults play together as youngsters—because they are fed and protected. But when they are grown and have to fend for themselves it's a different story. So is it with people. And investigating when the truth is obvious seems a waste of time.

Car-Train Wreck Fatal

PEORIA, Ill. (AP) — Ronnie Lewis, 18, of Cave City, Ark., died Sunday in a Peoria hospital several hours after a car-train collision north of Peoria. He was a passenger in a car which collided with a Chicago-bound Rock Island Lines passenger train.

Michigan Teachers Returning

DETROIT (AP) — Union leaders voted unanimously today to accept a proposal that could send some 300,000 Detroit public school pupils back to school Tuesday.

The tentative agreement was reached in a nightlong bargaining session between negotiators for the Detroit Federation of Teachers (DFT) and the Detroit Board of Education. It must be approved by the teachers, however, before the schools can reopen.

The union's executive board voted unanimously to accept the proposal.

DFT President Mary Ellen Riddan told some 3,000 teachers at a ratification meeting today that the vote would be taken as soon as the proposed contract terms had been mimeographed for distribution.

The Detroit school board said the proposal called for an \$850 across-the-board annual increase for two years and a 39-week school year.

Cuban Leaders Tell Public to Speak Out

HAVANA (AP) — Cuba's leaders are encouraging the man in the street to speak out publicly when he runs into government bungling, inefficiency or waste. The response so far has been brisk.

Most of the complaints have to do with consumer services but Communist party organizer Armando Hart has made clear they should not stop there.

Addressing the Central Organization of Cuban Trade Unions, Hart said: "If something runs badly or there is a weakness in a party branch, you must go there and discuss it right up to the municipal level; and if it is not solved then write to the provincial bureau of the party."

State Court Criticizes Spa Judge

LITTLE ROCK (AP) — The Arkansas Supreme Court criticized former Circuit Judge P. E. Dobbs of Garland County today for exhibiting "such unmistakable bias and such a prejudiced demeanor as to render his findings of no value to this court."

The high court made the charge in an opinion rendered by Judge Dobbs' decision in sentencing Ronnie Lee Elser to 15 years in prison on a robbery conviction. "It is evident that from the outset, Judge Dobbs had a preconceived conviction that the assertions in the Rule 1 petition were false," the Supreme Court said.

Elser and another defendant, Victor Houk, were charged in October 1965 with the robbery of two motels in Garland County. Elser pleaded guilty to one charge and innocent to the other.

The only evidence presented came in written statements by the two defendants, both of whom said Elser had nothing to do with the robbery of one of the motels.

Elser declined to accept a court-appointed counsel during the trial. Two months later he filed a petition saying he was innocent of both offenses.

Elser attributed his earlier plea of guilty to what he termed "brutality" by Little Rock police when he was arrested, and to his fear of similar mistreatment by Hot Springs police if he insisted on his innocence. Elser and several police officers then testified at a hearing in which the court entered an order charging Elser with perjury and denying his petition.

The Supreme Court said it attached no weight to the trial court's findings, and that it was evident that Dobbs should have withdrawn from the case when the petition came to be heard. The court said a new hearing was necessary.

The unanimous opinion was written by Associate Justice George Rose Smith.

Dobbs was succeeded in January by Circuit Judge Henry Britt.

The high court affirmed Pulaski Circuit Court's order to publicly burn a gambling device seized and held in the trial of James Lloyd Bostic, who was convicted in municipal court of keeping a gambling device—a pinball machine.

Skeleton Is Discovered

NORTH LITTLE ROCK (AP) — Two North Little Rock youths discovered a partially-clothed skeleton Sunday while climbing on a rock bluff on the Arkansas River near the Veterans Administration Hospital here.

Police said Fred Short, 19, and Kenneth Calhoun, 18, found the skeleton about halfway down the 250-foot high bluff. Officers said the skeleton was wearing dark green pants, a white undershirt and crepe-soled shoes.

James Witt, assistant chief of the Medical Administration Division of the Hospital, said some of the patients at the hospital wear uniforms similar to the clothes found on the skeleton. He said some patients have walked away from the hospital without authorization and never been found.

The picture shows persons connected with law enforcement at a seminar here Sept. 15. Details of the FBI National Crime Information Center which was established this year were outlined to the group.

Computerized information systems are now being developed throughout the nation and by next July the Arkansas State Police

will have two computers. The meeting ended with a demonstration of a bar that burns through practically anything including steel and concrete. The bar is used by many safe robbers.

Friday's seminar was arranged by Herbert E. Hoxie, Special Agent in charge of the Little Rock FBI Office, and John Martin of the Texarkana FBI office.

Wages Make Biggest Gain in 7 Months

WASHINGTON (AP) — With wages and salaries settling the pace, personal income scored its biggest gain in seven months during August, rising \$4.5 billion to an annual rate of \$631.2 billion, the Commerce Department reported today.

It was the third strong monthly advance in a row and is certain to be cited by the Administration in support of its proposal for a 10 per cent surcharge on individual and corporate income taxes to help stem inflationary pressure.

Although personal income has risen every month this year, the pace was generally sluggish until June, except for January when income rose by \$5.4 billion.

For the last three months, gains have ranged from \$4.1 billion in July to the August level. June's figure was \$4.4 billion. The new figure continues the bullish picture being painted by the government's economic indicators for August.

The government previously announced the biggest increase in industrial production in 15 months, the third straight monthly record for retail sales and a drop in the unemployment rate to 3.8 per cent of the labor force.

Personal income during the first eight months of 1967 averaged \$619.2 billion at an annual rate, up 7.5 per cent from the corresponding period of 1966.

Turk Soccer Fans Riot, 41 Killed

By DEMIR KARACA
KAYSERI, Turkey (AP) — Five thousand fans of a visiting soccer team angrily shouted objections to a home team goal Sunday. Stones went flying and panicky spectators stampeded for the exits. At least 41 fans died in the choking crush and a free-for-all fight that followed.

No players or referees in the minor league match between Sivasspor and Kayseri were hurt. Officials said the toll of injured stood at 65, six in serious condition. Unofficial tallies, however, put the number of fatalities at more than 50 and that of injured in the hundreds.

State Guards to Washington

LITTLE ROCK (AP) — Thirty-three Arkansas Army and Air National Guardsmen were to be in Washington today for a national conference on the proposed National Guard reorganization.

Heading the delegation were Maj. Gen. Charles H. Wilson, adjutant general of the Arkansas guard, and Lt. Col. David E. Roberts, president of the Arkansas National Guard Association.

The four-day conference was expected to attract about 2,000 delegates.

Child Care Center Is Opened Here

The Day Care Center of First Assembly of God was opened this morning at 7:00 as had been announced, with Mrs. Melba Willis as the attendant, and will remain open until 6:00 p.m., Monday through Friday.

Rev. Willhite, pastor of the church, stated that the decision to open the center was made because of the increasing need for such a service, and that many people had already expressed their appreciation to the church for its interest in providing it.

Pastor Willhite stated further, that the center would always provide a sufficient number of workers to assure adequate care for every child enrolled, and that anyone desiring further information should either come by the center at 318 N. Main.

Classes for Adults Are Planned

James H. Jones, Supt. of Schools, announced today that Adult Education classes will begin in the near future for residents of Hope School District I-A who have not completed their high school education.

The adult program will be divided into two divisions:

1. Basic Adult Education: Grades 1-8
2. General Adult Education: Grades 9-12
Registration for classes will be announced in a few days. Will V. Rutherford will direct the Adult Education program.

Storm Churns Along Coast of Texas

BROWNSVILLE, TEX. (AP) — A raging surf kept the lower Texas coast alert today to the menace of Hurricane Beulah, a killer storm gaining fresh fury as it boiled through the warm Gulf of Mexico.

It was still too far at sea, however, for any certain estimate of where Beulah might strike land again after a week-end swipe at Mexico's Yucatan Peninsula and the resort island of Cozumel.

Early today the Weather Bureau placed the center of the hurricane, packing winds up to 100 miles per hour, about 450 miles southeast of Brownsville, at the southernmost tip of Texas.

"Beulah is expected to increase yet more in intensity during the next 12 to 24 hours," the National Hurricane Center in New Orleans said. "The conditions appear favorable for Beulah to become a severe hurricane within 24 hours."

With its forward speed expected to remain about 12 M.P.H. or possibly slow a bit, Beulah seemed unlikely to reach land again before mid-morning Tuesday.

Its west-northwest course pointed the storm's center a little below Brownsville toward the coast of Mexico.

Last week Beulah claimed 18 lives in the eastern Caribbean.

Night Office Class Planned at Tech School

An organizational meeting for night Office Practice classes will be held at Red River Vocational Technical School in the Commons Room Tuesday at 7:00 p.m. At this time courses and time for each class will be selected. Interested persons are asked to be present at this organizational meeting as the courses to be offered will be determined then. The tentative schedule calls for Tuesday and Thursday night classes.

Strict Ceiling on Spending Suggested

WASHINGTON (AP) — The New York Stock Exchange urged Congress today to exclude capital gains from any surcharge it might approve on individual and corporate income taxes.

Robert W. Haack, stock exchange president, said a higher tax on capital gains could actually reduce, rather than increase, potential revenues.

WASHINGTON (AP) — A strict ceiling on spending should be written into the President's plan to raise taxes unless he makes substantial budget cuts, say some members of the House Ways and Means Committee.

But a Treasury Department official says that unless Congress approves higher taxes this year the government will be forced to borrow an extra \$2 billion by the end of December.

Meanwhile, a private research group reports that per capita federal spending increased 2.3 times over the last 20 years when adjusted for inflation. Expenditures for health, labor and welfare displayed the most rapid growth.

Returning U.S. Court Will Decide on Right to Trial by a Jury

By BARRY SCHWEID

WASHINGTON (AP) — The Supreme Court, back in business next month, faces a plea that it bind the states to another key provision of the Bill of Rights: the right to a jury trial in criminal cases.

The appeal comes from Louisiana, where Gary Duncan, a Boothville Negro, was tried by a judge on a charge of simple battery, convicted and sentenced to 60 days in prison and a \$150 fine.

The 21-year-old tugboat skipper's demand for a jury trial was turned down. He could have been sent to prison for two years and fined \$300.

The Sixth Amendment to the U.S. Constitution, ratified by the states in December 1791 along with the rest of Bill of Rights, guarantees trial by an impartial jury "in all criminal prosecutions."

However, unlike most key provisions of the Bill of Rights—including all other elements of the 6th Amendment—it is binding only on the federal level.

Inch by inch, using the post-Civil War 14th Amendment as the device, the Supreme Court has applied Bill of Rights guarantees to the states, including free speech, the ban on unreasonable search and seizure and protection against self-incrimination.

Last March it added the 6th Amendment right to a speedy trial.

Senators Disagree With Thant

WASHINGTON (AP) — Two Senate hawks said today a proposal by U.N. Secretary-General U Thant for a bombing halt without any Hanoi commitments would only cost more American lives in the Vietnam war. One called Thant "a nut."

Sens. George A. Smathers, D-Fla., and Karl E. Mundt, R-S.D., disagreed vigorously with Thant's statement in a United Nations news conference Saturday that it would be worth the risk for the United States to stop air attacks without a North Vietnamese pledge to de-escalate the fighting.

As he has before, Thant said he believes "meaningful talks" would follow within three or four weeks such a cessation.

"U Thant is a nut," Smathers said. "All his proposal means is that we would lose more American lives."

"All the Communists would do would be to rush more men and supplies into the South to kill our boys. We have tried this before and it hasn't worked."

Two Arkansas Milk Firms Have Merged

LITTLE ROCK (AP) — Rising milk costs have brought about a merger of Central Arkansas' two oldest and largest independent dairies, it was announced here Saturday.

H. S. "Boots" Coleman of the Coleman Dairy and Paul Dixon Sr. of the Dixon Dairy said the merger between their firms should bring about more economical operation and better service to their customers.

The two plants will continue to operate much as they have in the past, and there will be no changes in personnel or delivery routes, they said. The major difference will be that one plant will produce some products for both firms.

Coleman suggested in recent telegrams to President Johnson and Secretary of Agriculture Orville Freeman that dairy farmers be given direct federal subsidy payments to hold down rising milk prices and keep dairy men on their farms.

Planes Hit Right Along China Border

SAIGON (AP) — U.S. Air Force F4 Phantoms hit a highway bridge just one minute away—at their super sonic speeds—from Red China's border Sunday in the war's closest strike yet to the border.

The pilots said their bombs knocked out the center span of the That Khe highway bridge seven miles from China and 92 miles north-northeast of Hanoi. The closest previous raid to China's border was 10 miles away Aug. 13.

Navy pilots flew follow-up missions against three targets inside the Hainan, apparently trying to cut rail and road arteries carrying supplies out of the North Vietnamese port city to Communist troops fighting in South Vietnam.

Skyhawk jets unloaded 500-, 1,000- and 2,000-pound bombs on a railroad and highway bridge just one mile west of the city's center. They also hit a rail yard 1.7 miles from the center and a warehouse complex 1.3 miles from its center. Those targets were hit for the first time a week ago.

Clearing weather over the North enabled Air Force, Navy and Marine pilots to fly 109 missions, most directed against targets in the heavily defended area around Hanoi and Hainan.

One plane was reported lost. The strikes emphasized the air war policy of keeping maximum pressure on Hanoi during the remaining three or four weeks of favorable weather before the monsoon.

In and slightly north of the demilitarized zone that separates the two Vietnams, high-altitude B52 bombers unloaded more than 450,000 pounds of bombs in three sweeps over suspected Red infiltration sites.

In the heaviest ground action in the South, 2,000 American infantrymen were airlifted by helicopter into the heart of a Viet Cong stronghold 30 miles north of Saigon in the Ho Bo Woods.

Calls Ashmore Statements Misleading

WASHINGTON (AP) — A State Department spokesman said Monday Harry S. Ashmore's account of U.S. probing for peace in Vietnam last winter was "misleading."

Asst. Secretary of State William P. Bundy, one of those with whom Ashmore conferred at the time, also denied Ashmore's charge that a letter from President Johnson to President Ho Chi Minh had scuttled a hopeful peace maneuver in which Ashmore played a key role.

Bundy said a direct exchange then going on between the U.S. and North Vietnam through Moscow was "by far the most important" in seeking peace possibilities.

Griese Fires TD Passes for Dolphins

By MURRAY CHASS
Associated Press Sports Writer
It took John Stofa nearly three years in pro football to get his first start and nine more months to get his second. He doesn't know how long it might take before he gets his third.
Part of the reason for his uncertainty is a broken ankle. The best is Bob Griese, who made his pro debut Sunday by taking over for Stofa and leading the Miami Dolphins to a 35-21 victory over Denver.

In other American Football League games, Oakland rushed Boston 35-7 and Houston upset Buffalo 20-7.
Stofa, who languished in pro football's minor leagues for the better part of three seasons before making his first start in Miami's last game last year, made his second start Sunday.

The 25-year-old rookie took the Dolphins to a touchdown in just three plays after the opening kickoff, passing twice for 51 yards and running the last eight himself.

Then the next time Miami got the ball, linebacker Pete Duranko, a high school teammate of Stofa in Johnstown, Pa., led a vicious blitz that knocked the quarterback onto a stretcher with a broken bone above his right ankle.

"It upsets me to come all this way and to have felt so strongly that we would start a real good season," Stofa said from his bed in Miami's Mercy Hospital where he listened to the second half of the game.

Stofa, who had won the job over Griese and two other higher-priced youngsters, was not so upset that he couldn't talk about the job Griese did. The rookie from Purdue completed 12 of 19 passes for 193 yards and two touchdowns.

"I thought he did a real good job," Stofa said. "We won the game, and that's the most important thing."

Commented Griese:
"Right at first, when it happened, I was a little nervous, but after I got in there I felt okay. After all, that's what you sign up for — to play. I never wanted to freeload on this club."

Griese's backfield mate, Abner Haynes, wasn't freeloading either. After the Broncos rallied for a 21-21 tie, the former Denver halfback won the game with two fourth-quarter touchdowns on runs of three and 65 yards. Rookie Bo Hickey earlier scored twice for the Broncos.

In handing the winless Patriots their third defeat, Oakland received great quarterbacking from Daryle Lamonica. He passed for three touchdowns to Fred Biletnikoff, Hewitt Dixon and Bill Miller, then ran 21

Good Government, Good Business

B.N. Holt photo with Star camera
GARLAND MEDDERS

"Good government is good business" and "government is a science" were two quotations Garland Medders used in his discussion of the City Manager type of government at the Hope Rotary Club luncheon meeting last Friday at the Town and Country.

He gave an interesting history of this form of city government, which began in 1895 with an idea Theodore Roosevelt referred to as the National Municipal League. This has developed greatly so that today special courses in this work are offered in colleges, many books have been written on the subject, and cities with this type of government number 2,152 in the U.S. and 1,800 in Europe.

Vice-president Harold Eakley presided over the meeting and presented a Hope Rotary Club banner to visiting Rotarian W. A. Geddle, President of the Camden Rotary Club. Other guests were Perry Link, Wayne Chastain, Lowell Little, and A. A. Albritton, all of the Bruner Ivory Handle Co., and Dwight Gallo-way, member of the Hope High Band.

Starr Finally Starts Hitting for Packers

By ED SCHUYLER JR.
Associated Press Sports Writer
Johnny Unitas gave a record passing performance — but his Baltimore teammates presented the game ball to another player. Chicago's Gale Sayers carried the ball from scrimmage seven times, but he didn't carry it very far in experiencing the worst day of his pro career.

Bart Starr lost the ball on interceptions four times in the first half — he threw just three interceptions all of last season — but then found the target and helped save the Green Bay Packers from a stunning loss.

These were just a few of the wild doings Sunday in the annual football happening known as the opening of the National Football League.

Unitas completed 23 of 32 passes for a club record 401 yards and Bobby Boyd won the game ball by intercepting two passes, one for a touchdown, as Baltimore held off Atlanta 38-31; Sayers gained just two yards as Chicago was trounced 41-13 by Pittsburgh, and Starr set up a touchdown and field goal with passes as the defending champion salvaged a 17-17 tie with Detroit.

In other NFL action, Los Angeles got past New Orleans 27-13, Philadelphia topped Washington 35-24, San Francisco outlasted Minnesota 27-21, Dallas beat Cleveland 21-14 and the New York Giants upset St. Louis 37-20.

Houston stopped Buffalo 20-3, Oakland trounced Boston 35-7 and Miami drubbed Denver 35-21 in the American Football League.

Unitas, who completed 11 of 15 passes for 255 yards in the first half, combined with Tom Matte on an 88-yard TD pass play on the first play from scrimmage and also hit Jimmy Orr on a 55-yard scoring strike as the Colts built up a 31-7 lead at intermission.

But the Falcons, who scored in the first period on Ron Smith's 99-yard kickoff return, roared back to make it 31-24 before Matte scored the winner on a 10-yard run in the fourth quarter.

Sayers followed a first-period Pittsburgh field goal by returning the ensuing kickoff 103 yards for a touchdown but was stymied thereafter, gaining just two yards from scrimmage and sitting out most of the second half.

Willie Asbury ran for two Pittsburgh touchdowns and Bill Nelsen passed for another pair. Detroit opened up a 17-0 half-time lead when Lem Barney ran an intercepted pass back 24 yards for a touchdown, Wayne Walker kicked a 48-yard field goal and Amos Marsh bulled over from three yards out.

Green Bay got on the scoreboard when Elijah Pitts scored from the three. The Packers then closed to within three points when Starr, who ended with 14 completions in 23 attempts for 321 yards, hit Jim Grabowski with a flat pass on the Detroit 45 and the fullback raced to the one, from where

Pitts scored.

Don Chandler's tying, 28-yard field goal came with 1:43 left and was set up by an 84-yard Starr-Pitts pass play.

New Orleans, opening its first NFL season, stunned Los Angeles when John Gilliam ran the opening kickoff back 94 yards for a TD. But then the Rams defense took over to hold the Saints to two field goals. Roman Gabriel ran for one Ram touchdown and passed and ran for another.

Norm Snead and fullback Tom Woodeshick led the Philadelphia attack against Washington. Snead threw two TD passes

and Woodeshick ran for two more scores. Washington's first TD came when John Love returned the opening kickoff 96 yards.

San Francisco built up a 27-0 three-quarter lead on three TDs by rushing, one a 64-yard gallop by Doug Cunningham, and a pair of Tommy Davis field goals, and then held on as Minnesota scored three times in the final period. Ron VanderKelen passed for one touchdown and ran for another.

Linebacker Chuck Howey's 28-yard TD run with an intercepted pass gave Dallas a 21-7 lead and

proved to be the clincher against Cleveland. Don Meredith passed for the other Dallas scores. Frank Ryan threw one TD pass for Cleveland.

Fran Tarkenton hit on only two of eight passes as the Giants fell behind St. Louis 10-7 at halftime, but then threw for three TDs. Homer Jones caught two of them, one for 70 yards.

Ordinarily, an elephant walks at a fast shuffle; a rate of six to eight miles an hour is common. When enraged, this animal can charge for 50 yards at a speed of 25 miles an hour.

Flower Power Has Come to Sports Racing

BRIDGEHAMPTON, N.Y. (AP)—Flower power has come to international sports car racing in the person of the bright orange Chevrolet-engine cars of New Zealanders Dennis Hulme and Bruce McLaren but it's acting more like a steamroller.

Hulme and McLaren ran first and second, respectively, in

winning the \$47,000 Bridgehampton Grand Prix Sunday. Former U. S. champion George Follmer finished third. Hulme, who also leads for the world driving championship, set a record pace of 109.13 miles per hour and beat his teammate and boss by 48 seconds before the largest crowd ever to see a race here, estimated about 30,000, on the 2.85 mile course. This eclipsed the record of 105.8 miles per hour set last year by Dan Gurney of Costa Mesa, Calif., Gurney who won here last year, as put out early with a fuel injection problem.

Mental Retarded Conference

B.F. LEVER AND DR. PHILLIP MANUS

B. F. Lever, left, Supervisor of Area 11 for the Elementary and Secondary Education Acts, and Dr. Phillip Manus, right, President of the Arkansas Association for Retarded Children, discuss financial aid. Mr. Lever spoke to the Association on financial aid for special education classes through Title I.

Education for the Mentally Retarded in Hempstead County was the topic for discussion at the Thursday meeting of the Hempstead County Association for Retarded Children in the City Hall.

A brief business session preceded the program in which a letter of resignation was read from Mrs. Freda Greenan who will, in the near future, move to Arizona. The names of W. V. Rutherford, and Miss Gwendolyn Smith were presented to the group

for members of the Board of Directors, and were accepted unanimously. Mrs. Monte Harris was elected recording secretary upon the resignation of Mrs. Tom Page. The President, Dr. Manus announced that the Executive Board would meet on Sept. 21st at 7:30 in the City Hall.

B. F. Lever, speaker for the evening in the absence of Herschell Moore, brought information to the group concerning financial aid available through Title I for special education classes. Sam Sanders, Director of Arkansas Association for Retarded Children of Little Rock was also present to answer questions concerning organization of classes and functions of other groups across the state. He said that according to statistics Hempstead County has 138 educable retarded children.

Jack Beatty, Assistant Superintendent of the Hope School District, reported on the progress in the school system, stating that after preliminary tests there are 75 mentally retarded in the Hope School system with 45 of these pupils in the elementary schools. He also announced that classes for special education are being conducted each Monday evening at the Administration Building for instructors.

Five Hope teachers are presently attending these classes and will be ready to begin teaching special education classes next summer. The Hope School system has also been considering a satisfactory building for the special classes and although several plants have been explored no definite place has been established. Children who will be placed in the special education classes will be tested before entry by the Remedial and Diagnostic Clinic in Magnolia to determine their need. There was a period of question and answers followed by coffee served by the club to those present.

Asks Speedup in Equal Treatment

LITTLE ROCK (AP) — Dr. Jerry D. Jewell of Little Rock, state president of the National Association for the Advancement of Colored People, said Sunday that Gov. Winthrop Rockefeller should take the initiative in encouraging equal treatment of Negroes in education, employment and housing. Jewell also criticized the governor on a statewide television program for not appointing Negroes to state boards and commissions.

He said Arkansas had developed a system "where it's all right for the Negro to go to the formerly all-white school but it's not all right for the white child to go to the all-Negro school." He also said he couldn't recall an instance where a Negro had been made principal of a formerly all-white school.

Jewell said Rockefeller should tell the next legislature: "Let's pass an open housing bill." He also said the governor should encourage employers to use fair employment practices.

Jewell said it was the responsibility of the governor and state Education Commissioner A. W. Ford to urge desegregation of local school boards and to use textbooks which include "Negro history in the curriculum."

Jewell charged that the inaction of Rockefeller and the indifference of individuals had caused the progress of civil rights in Arkansas to become "more or less static in many respects."

Gun Wound Is Fatal

HOT SPRINGS, Ark. (AP) — William Joseph Worthey, 6, son of Mr. and Mrs. James A.
